Dwan gets a helicopter check if the sailing boat is there, get close enough to see if Dr. Miller is in it.

EXT. BROOKLYN. NEW YORK. BROOKLYN BRIDGE - DAY (CONTINUOUS)

From the sky we see there is not much traffic in the bridge, We see a Trailer with platform of 50 feet long, loaded with one-inch steel bars in laced enters the bridge.

The Tahoe is waiting to enter Brooklyn bridge, it enters, then we see a Black GMC Denali enters.

From the sky we see FOUR motorcycles MV AGUSTA F4CC enter, Each one with TWO MEN dressed in black with helmet, The men on the back of the motorcycles have machine guns MAC-10.

When the GMC is about 15 meters from the Tahoe, in the GMC we see THREE SHOOTERS, SHOOTER 1 driving the GMC, SHOOTER 2 in the right side, SHOOTER 3 in the left.

We can see the Shooters 2 and 3 when get out of their respective windows with AK 47, there is a car between the Tahoe and the GMC.

Shooter 1 blows the horn so the car pulls apart, The car driver looks in the rearview mirror, sees the shooters with AK in the GMC.

INT. TAHOE IN MOVEMENT - DAY (SAME MOMENT)

Newt hears the sound of the horn, looks the rearview mirror, he sees the car when Gets out of the way, when the car is not he sees the GMC and the shooters.

NEWT

We have company.

Maxwell looks the rearview mirror.

MAXWELL

They have AK 47.

Newt puts on the bulletproof vest, takes a M16, prepares to fight, Maxwell wears the bulletproof vest, pulls out a 9mm.

NEWT

Dr. Miller uses people to turn them into weapons.

MAXWELL

Yeah, they are innocent, but if we do not kill them they kill us.

NEWT

I read in a book that you can not hypnotize a person to do thing he has never done, he is using them but these are real killers.....  
Open the sunroof.

EXT. BROOKLYN BRIDGE - DAY (CONTINUOUS)

The Shooters fire, three bullets hit the rear glass, The bullets pierce it, do not break it, about twelve bullets hit the Tahoe.

Newt gets up, gets half body out the sunroof.

Newt shoots, Newt looks stylish when shooting.

Shoot four rounds of three bullets, 6 hit the front glass of the GMC, the killers shoot, Newt enters.

From the sky we see the FOUR motorcycles.

Two advance to be about 15 meters in front of the tahoe, the other two remain one on the right side and one on the left of the GMC.

INT. TAHOE IN MOVEMENT - DAY (CONTINUOUS)

Newt and Maxwell see the two motorcycles in front of them, they see the men on the back of the motorcycles have machine guns MAC-10.

Maxwell takes his phone.

MAXWELL

Here Maxwell we are at brooklyn bridge, we are being attacked, we need reinforcements, repeat we need reinforcements.

While the partner drives the motorcycle, The two behind stand on the back and turn, they stand facing the Tahoe.

Newt know they are going to fire, so he gets half body out the sunroof.

EXT. BROOKLYN BRIDGE - DAY (CONTINUOUS)

The motorcycles in front of them and behind the Tahoe fire, From the sky we can see Newt shoots several times flips to shoot forward and backward.

The tahoe receives many impacts of bullets.

But we can see the accuracy of Newt shots, Newt fires the GMC, first kills shooter 3, which is hanging with half of the body outside the window.

Then he kills shooter 1, we see as the GMC goes uncontrolled, motorcycles move away from it, Shooter 2 jumps out of the GMC.

The GMC rolls like a ball, it hits two cars, leaves the bridge, falls to the river.

Newt turns to the front, we see through his eyes as he points to the men on the back of the motorcycles.

The bullets from the men on the back of the motorbikes hit near him but he does not lose the control.

He fires a round of three bullets, Kills the one on the left, then another, kills the other on the right.

The drives of the two bikes in front accelerate.

They reach the Trailer with platform, Which is in the right lane of the bridge.

One of then, Stands on the motorcycle, he gets next to the Trailer with platform, on the side of the DRIVER, He places the driver's side.

He pulls out a 9mm and shoots the driver, The driver pulls the steering wheel to his left, the Trailer with platform rolls over, it turns to its left, the driver is dead.

The Trailer is on the middle of the road, the load falls on the side of the truck.

The Tahoe arrives fast, but it has to stop because the way is blocked.

We see Newt and Maxwell getting out of the Tahoe, Newt has a M16 and a machine gun Ares Shrike with grenade launcher, they get cover behind the Tahoe.

They are now trapped between the tahoe and the trailer, the bullets hit the Tahoe.

NEWT  
(giving the M16 to

Maxwell takes it, puts it on his legs and removes the bandage from his left arm.

NEWT (CONT'D)

Shooter 2 is firing them from behind a car, and the men in motors are firing too, Newt fires.

NEWT (CONT'D)  
We only has to keep them away.

Newt sees up to the sky and see something coming, it is a drone.

From the drone we see them firing and covering behind the Tahoe, the drone fires, they get cover.

From the position of Newt we see the drone pass over our heads while firing.

The drone comes again but this time Newt and Maxwell shoot it, they hit it but they do not take it down.

Newt prepares the grenade launcher, while Maxwell is firing the drone.

Then the drone is coming again, but at this time Newt sees the drone launches a grenade.

NEWT  
A grenade!

They run, The grenade his the Tahoe, a big explosion, the Tahoe and Newt fly through the air.

Newt flies out of the bridge, he looks like he's going to fall to the river.

But Newt grabs with his left hand, he hits in his left side, but is hooked, he has the machine gun in his right hand.

The drone stands outside the bridge, the side where Newt is hanging, It stops about 10 meters from him.

The drone points and shoots, does not hit him, Newt raises the machine gun he carries in his right hand, he points.

He throws a grenade at the drone, hits it, the drone explodes, a big explosion.

Maxwell is firing, comes to help him, they cover behind a car.

Newt accelerates, the motorcycle takes off at full speed, looks like it will crash into the trailer.

But Newt uses the steel bars as a ramp to jump the trailer.

Dr. Miller picks up the diamonds from the bed very annoying. Puts them into the safe.

DR. MILLER

As you can see, I do not need any of this things, (ego)I can make people bring me what I want, this was just to prove myself that I could do it..... But you are not me, you need it.
