1 INT. HALLWAY - NIGHT

1

Georgina leans against the wall, humming a tune. A glass breaks a few meters away. She turns to look around and dim lights illuminate her face. She cringes, and shakes fearfully.

Silence. Footsteps.

ALIENS

Georgina! Georgina! Georgina!

2 INT. HALLWAY. NIGHT - CONTINUOUS

2

A small crowd of alien-like people, dressed in black attire covering the whole of their bodies and their faces follow Georgina. They move slowly, but menacingly as they growl and stretch their hands towards her. Georgina runs until she reaches an area with spiraling staircase, that doesn't seem to have an end. Georgina screams but her voice only echoes within the space.

3 INT. CLASSROOM - DAY

3

Georgina juts her head off the top of the desk where she has been dozing off as a guest film actor conducts an Acting Masterclass. All the students turn to look at Georgina.
