Fade In

Int – Modern one bedroom apartment

Man looking at his laptop at the kitchen table (John late thirties divorced, average looking, lives on his own)

John

(To himself) Come on let's get this done, you'll be fine, first time for everything

He picks up his mobile phone which is next to the laptop and dials

Few seconds of silence

John

Hi can I check if Madison is free for this evening please

(Beat)

That's great 8 o'clock ok?

(Beat)

Yeah it's my first time using this service, two hours is fine if that's your minimum for first timers (laughs).

(Beat)

Ok thanks bye

John puts the phone down on the table next to the laptop

Montage

See John tidying up the apartment, hovering, dusting, washing up, singing in the shower, shaving and going through his wardrobe choices in the bedroom mirror.

John comes out of his bedroom and checks his watch, looks around the apartment

Hear the sound of the buzzer go on the intercom

John

(Looking at his watch) Right on time

He walks to the intercom at the front door

John

(Pushing intercom) Hello

Voice

Hi John its Madison

John

Hi, I will buzz you up, Come to the fourth floor apartment five

Fade Out

Int – John's apartment

You hear a knock on the front door. John opens the door and sees Madison
(Late twenties, stunning beautiful bombshell, dressed in long coat and long black boots,
carrying large handbag)

John

(Smiling like a Cheshire cat) Hello Madison, please come in

Madison

(As walking through door, they kiss hello on the cheek) Thanks

He shuts the front door behind her

John

Please go through and sit down

They walk through to the living room

John

Can I take your coat?

Madison

Thank you (as looking around) nice place you got here (takes her coat off and hands it to
John, she's wearing a tight fitting short dress showing off all her assets, she sits down on
sofa)

John

(Taking coat with a little tremble in hands) Wow you look amazingly beautiful. Sorry I
should have said that when you came in.

Madison

Thank you John, you're not so bad yourself (smiles)

John

(Blushing a little) Thanks, can I get you a drink?

Madison

What do you have?

John

Coffee, tea, water, juice, pop, beer

Madison

If the water's bottled can I have that, thanks?

John

No problem I have bottled water

Madison

Thanks, I just have to call the office and let them know that I have arrived at my destination

He hangs her coat up and goes into the kitchen

Madison

(Talking on phone) Hi yes I'm here everything's good, (pause) ok bye

She is putting her phone away in her bag as John walks in with her bottle of water which he puts on the table.

He pulls a beer out of his pants pocket for himself.

Madison

Shame I thought you were very glad to see me (laughs)

John

(Getting the joke) Oh yeah you'll be wishing you had the bottle after (beat) you don't mind me having beer

Madison

That's fine honey it's your home

John

Thanks, just a bit nervous, your phone call ok?

Madison

Yeah, we always have to phone in when we arrive just to let them know we're ok. You can never be too careful.

John

I don't blame you, there are some funny people about, let me open that for you
(He opens the bottle of water and hands it back)

Madison

Thanks always nice to know there are still gentlemen around

John

I was always taught manners cost nothing

Madison

Shame not many share your sentiments nowadays.

And you don't need to be nervous; you're in safe hands with me (laughs)

John

It's just I didn't know what to expect, it's my first time with (pause)

Madison

(Answering for him) Escorts we prefer escorts (laughs)

John

(Sheepishly) Sorry, do you want your money now?

Madison

If you don't mind, its two hours for first timers we like to break you in gently so to speak (laughs)

John

Ok, might be an hour and fifty to long (laughs) Can I take the two hours in segments?

Madison

(Laughing) Sorry baby you can't, but I do like a guy with a sense of humour (beat) If you want an hour more I can stay nothing else booked, but I don't do overnights with a guy I'm meeting for the first time

John

Three hours I think you may have killed me by then

Madison

(Laughing) You are funny; I'll be however you want me to be (beat) slow and gently or fast and deadly (laughs)

John

Well at least I'll go with a smile on my face

He stands up and takes an envelope out of his pocket and hands it to her

She opens it and inspects the contents and puts it in her handbag as John sits back down

Madison

Thanks

John

(Pointing to handbag) That's a big bag

Madison

I need one, all the essentials are in here(laughs) condoms, gel, lube, dildo, batteries
Not quite got the kitchen sink in yet, but I'm sure it'll fit
I call it my bag of tricks (pats the bag)

John

(Laughing) I like it, you're beautiful and funny

Madison

I do try

John

Can I ask how long you've been doing this?

Madison

Couple of years now

John

Do you have another job as well? Sorry if asking a lot of questions

Madison

That's ok, I don't mind. I'm a hairdresser, usually go to people's houses, and don't have a shop as yet.

Actually one of the women I go too runs the agency I work for.

John

That's handy and she's good to work for?

Madison

Yeah she's good looks after everyone, I drive but if the girls don't she has a couple of drivers who drop them off and pick them up again and if we have any funny or suspicious customers we don't go again and we let the other local agencies know.

John

That's good at least there looking out for you

Madison

Yeah there are no set shifts you work when you want, days, nights

I can't complain, I do it by choice, I've no sob story no drug addiction or alcohol abuse or abusive boyfriend/husband stories

John

Good to hear

Madison

Don't get me wrong there are plenty of girls like that which is truly awful but this agency and most of the reputable agencies won't use anybody like that. (Beat)

You'd be surprised most of the staff where I work, they have full or part time jobs.

John

Really

Madison

Yeah we also have a few women whose kids have left home or husbands/boyfriends are at work all day. They get bored and want a bit of fun (laughs)

John

Real life cougars

Madison

True, can I ask if you like our website? The boss always wants to know, to see if we can improve it and all feedback helps.

John

Yeah, I never knew how many agencies there were around here

Madison

There's a few, a lot of the girls switch back and forth

John

Hope you don't mind me saying but it was like picking your favourite take out so much choice (laughs)

Madison

That's fine be called worse than take out, so you decided on little old me

John

I'm glad I did, but everybody looked good, loved everybody's blanked out faces (laughs) so I went with who had the best body (nervous laugh)

Madison

Thanks, yeah obviously nobody wants their face showing online

John

I can imagine if somebody recognised you

Madison

Yeah that could get a little awkward (laughs)

John

So have you ever seen someone you know?

Madison

No thank god, had a few escapes, if I recognise an address that I'm going too or even kind of know someone in the building or on the same row of houses I don't go, it's not worth it. Someone might see me or see my car so I make my excuse and they send someone else, we all do it.

John

Don't blame you; I'm intrigued about your lucky escapes

Madison

I recognised one of my parents friends address once so it could have been the dad or the son but they would have recognised me and I've even had a friend of mine's boyfriends address come up (laughs), which was a shame because I fancied him and she says he's great in bed (laughs) but of course I didn't go.

John

There still together?

Madison

Yeah, I see them sometimes and always have a chuckle to myself as I know he uses a couple of the girls from my agency, (beat) but I can't really say anything. Besides I think she knows he cheats but he's well off so I think she's going to take him to the cleaners after she gets him to the altar.

John

Hope she does (beat) so do you have anybody you see a lot

Madison

Regulars you mean

John

Yeah if that's what you call them

Madison

(Laughs) Yeah that's what we in the profession call them. I have a few they are the main course of your income.

Take yourself I may just see you tonight and never again.

It might mean nothing; you like it and as you said you might want a different take away if you do it again (laughs).

John

Well I can't imagine I won't like it (laughs) but I see what you mean, you might not like me

Madison

True, but I like you so far (smiles)

He blushes

Madison

If the guy is rough or aggressive with me or I get a bad feeling or vibe that's when I won't see them again no matter how much they offer, luckily I've only had this happen a couple of times and as I've said we keep a list of addresses we won't go too.

John

So your regulars are ok then

Madison

There all nice in their own way, I have one that hardly ever speaks to me just screws me, another guy older gentlemen I mainly do his cleaning and washing and ironing every couple of weeks, I think he has no family just wants the company, we've hardly ever done anything but he's nice, another guy dresses as a baby wants his nappy changing and sucks my tits (laughs) and another guy wants me to be mean to him and slap his bottom and whip him, (beat) some guys want me to dress up, I'm somebody's naughty secretary and somebody's nurse at the moment

John is imaging all these scenarios in his head
You see Madison sat on the end of a bed with a bare arsed man over her knee, his bottom is red raw and she's smacking it again and again saying who's been a naughty boy.
Then you see a man dressed as a baby sucking on her breast like a baby
She says to him, there you go baby drink your milk

Madison

You ok John

John

Sorry, I feel like I'm very vanilla compared to that (laughs)

Madison

Don't worry normal is what I prefer, but it takes different strokes for different folks

John

(Laughs) True if we all liked the same it would be a dull world

Madison

It would indeed, so is there anything in particular you like? Or want me to do?

John

What do you do?

Madison

Well you know I can dress how you want or wear wigs if you want for next time

John

Next time, you're thinking ahead

Madison

(Laughs) I like to blow my own trumpet and hope you'll want a next time (smiles)

John

Like the confidence and I rather you blew my trumpet (laughs)

Madison

Don't worry I will and I'm sure you'll like the tune (laughs)

John

I'm sure I will, so what do we do now

Madison

Do you want to stay here on the couch? The bedroom, the floor, up against the wall, over the kitchen table or in the shower but no water running not ruining my hair (laughs), only have the shower running when I'm staying overnight

John

Lot of options

Madison

Well we have about an hour and half so I'm sure we can find a few places and positions (laughs)

John

I'm sure we will, so what do I get for the girlfriend experience?

Madison

We can french kiss, some girls don't kiss but I like it adds to the experience and I like a good kisser (laughs)

John

No pressure then (laughs)

Madison

We have plenty of time to practice (laughs)

John

Anything else?

Madison

I do oral with or without, you pay extra for without

John

Sorry with or without?

Madison

Condoms I can do with or without sorry, but you can only finish in the condom Not on me and I don't swallow, spit or gargle (laughing)

John

(Laughing) Ha you guessed my line, that's fine, can I go down on you?

Madison

Of course I love a man who is good down there (laughs and points down) again a lot of girls don't want that done to them, but that's their loss, don't get me wrong there's nothing worse than a man who doesn't know what he's doing down there but I always encourage the effort (laughs)

John

Good to know but I think I'll be fine down there (laughs), anything else

Madison

I don't do anal but can do on you as I have brought my strap on

John

I think I'll be ok without that (laughs) and you have your toys as well

Madison

Of yeah (pats bag) never leave home without them (laughs) again for use on me or you. You'd be surprised how many men like them being used on them.

John

Baby steps I think (laughs), we ok to get started? Sorry that sounded a bit rude and as if I don't like talking to you.

Madison

Sure don't worry as I've said got guys who are on me as soon as I have my coat off and some that want to talk first, all up to them. You want to stay here or go in the bedroom?

John

Let's start here and work our way into the bedroom

Madison

Ooh I like a man that thinks ahead (laughs) I hope you have stamina

John

Me too

They both stand up

John nervously moves towards Madison and they kiss gently and tenderly

Madison

Nice kiss, let me get this off (she takes off her dress, stands there in black bra, thong and stockings)

John

Wow you're amazing, it's like Christmas has come early

They kiss again eagerly with their hands are all over each other

We then cut to them in the bedroom

We hear a lot of noise, grunts, groans, moans of pleasure

Headboard banging

We see their feet out of the sheets and hands and toys being knocked on the floor

We finish off with close ups of their faces as they finish

All done to appropriate music

Madison

Wow that was amazing for your first time (laughs)

John

I surprised myself, god you are incredible

Madison

Thanks, you weren't so bad yourself (smiles)
I'm glad you wanted to try the role playing

John

As I said first time for me and I don't think it will be the last

Madison

Can't believe your ex-wife never wanted to try them

John

She was never adventuress like you, lovely woman but not very exciting

Madison

I love it saves us from getting bored and stale (laughs)

John

I don't think we will; I hit the jackpot when I met you

Madison

And I only came to do your ex's hair

John

I know, and you still do her hair don't you?

Madison

I do, obviously she doesn't know about me and you

John

I know and hopefully she won't for a while, I know she's dating again now and we didn't get together until we split up but I don't think she'll take it well

Madison

No she won't, she's stop calling you names for now so that's something

John

That's good and I hope she's happy but we were not happy for a few years and you've made me happy again, couldn't believe you liked me, thought you were just being friendly to the customers husband

Madison

You always made me laugh and I knew I could breathe some life into you

John

Which you do as often as possible

Madison

Ha, you can always say no to sex (laughs)

John

How can I resist you (laughs), do you want to stay over?

Madison

Yeah I was hoping too, got a change of clothes in my bag, not just my toys and loved the touch with the monopoly money in the envelope

John

Good, just remember to give me the money back (laughs), now let's get you in the shower and get that precious hair of yours messed up (laughs)

Madison

Sounds good I'll bring the toys

They both jump out of bed and John smacks Madison's bottom as they run towards the shower

The End
